

Operations

The Aquis Search Operations team delivers specialist recruitment solutions to the corporate, legal and financial markets. Our experienced consultants have an in-depth knowledge and understanding of the operations sector and provide a range of advisory services including market insights and salary information.

Operations is fundamental to the execution of business processes and systems. At Aquis we understand that the intrinsic value and income-generating potential of an asset cannot be realised without a way to secure it. The effective planning, scheduling, use, and control of an operations department is key to the success of a business.

Aquis work with all levels of middle and back office professionals with the ability to create efficient and effective operational platforms for our clients. The Aquis Search Operations team provides opportunities for applicants to work with organisations who manage the efforts and activities of people, capital, and resources in a transparent way.

We partner with the leading names within each of the industries we serve and have developed long standing relationships with our clients. By focusing on areas of business where our skills and resources deliver timely and effective solutions we connect talent with opportunity in a complex global market.
